

# GENICS

## Whole Facility Health Audit

The Ultimate Performance Audit for Your Farm

[www.genics.com](http://www.genics.com)

# Book your Facility Health Audit Today

Now is the time for your **Whole of Facility Health Audit**. Our clients use crucial data from the audit as an **early warning system** reducing risk of disease and building optimal long-term farm performance and profitability.

## What does a Whole of Facility Health Audit Cover?

Underpinned with game changing Shrimp **MultiPath™** technology

All life-history stages, feed inputs and optional water or environmental testing

Work with our expert team for tissue sampling and shrimp disease education

Statistically significant customized design plan

Customised easy to understand report ready for actioning

### Farms that participate in a confidential health audit will receive.

- A comprehensive audit report
- A complete understanding of pathogen related risk issues and how to potentially mitigate these
- The option to work with Genics marketing team to promote your brand
- Increased awareness among your customers that your farm is embracing best practice.

**Regular audits form an important part of best practice and quality control.** Indeed, Genics is also audited for best practice on a regular basis. This is just a part of being the best global standard, operating ISO17025 laboratories and undergoing proficiency testing.

For more information about our labs and our commitment to excellence visit [Genics Labs](#).
